## ALTAR SERVERS

The National Conference of Catholic Bishops has responded favorably to the Holy Father's approval of the use of female altar servers. In the Archdiocese of Newark, we are still waiting for official approval from Archbishop McCarrick before we can implement this change. Then, we can set an actual date to introduce this new practice at Saint Thomas.

However, like all ministries, candidates should receive proper formation and instruction before they begin to function. In this case, formation should include: instruction on the Mass and its parts, and their meaning, the various objects used in the Liturgy, their names and uses, and the various functions of the server during the Mass and other liturgical celebrations. Servers should also receive appropriate guidance on maintaining proper decorum and attire when serving Mass and other functions.

Summer being a time when many people are away, I would envision our instruction period to begin in September, with actual introduction sometime in the Fall.

The ministry of service at the altar has long been a source of vocations in the Church. It is my hope that this will continue for both boys as possible candidates for Holy Orders and girls as possible candidates for the religious life. We must all continue to pray that more men and women will respond to the invitation of the Lord Himself, to "COME, FOLLOW ME."

We need only to trust in this good God who loves, guides, and supports us, sending us if we will only listen, to the right place at the right time. Now is the time to place yourself in the quietness of Jesus' Presence to listen to the instruction he has for you! Be a priest sister, brother, deacon for the Archdiocese of Newark.*

*If we could see ourselves turning to Christ, standing beside us... if we could hear ourselves saying: "Lord, this is the account of my stewardship...this is what I have given...this is my measure for what you have given me, then our support is real, our charity sound!"*

**PLEASE GIVE BLOOD**

*Most of us have experienced the need for blood, either in our own immediate families or in the need of a friend or neighbor. Donating a pint of blood is so important and necessary, especially during summer vacations and holidays when blood supplies are sometimes critically low.*

*You can be a force to possibly help save five lives and strengthen the spirit of our community! What a wonderfully satisfying experience it is to know we can serve one another with our own special gift of blood.*

*Donating blood makes you a member of the North Jersey Blood Bank and should you or a member of your family need blood, you can call on them for help.*
