

ST THOMAS RELIGIOUS EDUCATION IS PAPERLESS!

St. Thomas Religious Education uses a paperless system. In order to get notices and announcements out more efficiently we have opened a free account with Flock Note. We need each family to sign up to receive our e-mails and text messages. Please follow the simple steps below to add your name to our network and start receiving all notices electronically. Please note that all weather related cancellations will be sent via Flock Note so it is very important that every family enroll. Thanks!

If you already receive our messages electronically, there is no need to register again.

From your cell phone:

Text the word stthomas to 84576 and hit send

You should receive a verification text asking for your email address also.

Please add your email address and hit send

Flock notes will then send you a verification email link which you will need to click on to verify your email address. Please make sure you verify your email address and then registration is complete.

That's all there is to it! The whole process takes about three minutes and then you will be all set to receive all your information from St. Thomas Religious Education electronically.

**If you think you have signed up but have never received any messages from St. Thomas than you are not signed up correctly so please logon to flocknote.com and complete the process.*

If you have any connection problems please give us a call at 973-338-7400 or log on to flocknote.com

Thanks!
